Story: Genesis 6-9

Noah loved God. Noah obeyed God.

God told Noah, "I want you to build a really big boat." Noah said, "Yes, God."

Noah sawed the wood. *Move child's arm in sawing motion.* Noah gathered a hammer and some nails. Pound, pound, pound. *Pound child's fist together.* The boat was all done. *Raise child's arms and cheer.*

Then God told Noah to gather animals to put in the boat. Noah put two monkeys in the boat. A monkey says, "Ooo, ooo. Ah, ah." Say "Ooo, ooo. Ah, Ah." *Allow child to respond.* Noah put two lions in the boat. A lion says, "Roar." Say, "Roar." Noah put two frogs in the boat. A frog says, "Ribbit." Say "Ribbit." *Continue with other animal sounds that the child knows. And if the child doesn't repeat yet, continue to introduce (see link below for more info).*

Noah and his family got in the boat. Then it started to rain. Pitter-patter. Pitter-patter. *Move child's arms downward with each word.* It rained and rained.

One day it stopped raining. *Stop moving child's arms.* Noah and his family and all of the animals got out of the boat. God took care of them. God put a beautiful rainbow in the sky to say "I love you."

Teachable Moment:

Continue working on animal sounds and explain that all animals that you see were on Noah's big boat.

Tell the Noah story whenever it rains and a rainbow appears.
