

Print and cut out the MOM template. Fold the construction paper in half making the paper size 6" x 12". Lay the half "O" on the fold. Trace around the template. Cut it out making sure the child's thumb is up and elbow is in. Open the construction paper for a big surprise!

Decorate using crayons, stickers, glitter, jewels, pom poms, etc. We glued our "MOM" onto another piece of construction paper to make it more sturdy, but you can leave it as is.

For extra fun, turn the "MOM" card upside down to show the word "WOW!"
